Young Visitors

Andrew Cohen House residents were very happy to welcome back our young visitors from

Allens Croft Family Centre.

Along with their parents they come to play and entertain our ladies and gentlemen. They will be coming every month and everyone gains so much from their cheerful presence.

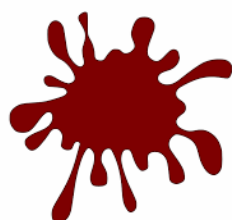

Welcome

To new Activities Coordinator Julie Hanvey. She will join Cesar in continuing and developing the full and varied range of activities and trips available for Andrew Cohen House residents.

Murder Mystery

BJCC's fund raising Murder Mystery Lunch on Sunday is a sell-out!

Everyone is looking forward to a slap up lunch and shocking entertainment!

No more clues now but whodunnit will be revealed in the next issue....

Thank you

Once again volunteers helped staff spend time with their families, provided staff transport and enriched the lives of our residents over the Festive Season. Special thanks to our volunteer drivers who helped staff get to work when no public transport was running and also to Lilian Wenble and Naomi Rowe who performed a musical concert and singalong
